

ANSHU JAIN

Quality Analyst

Varanasi, Uttar Pradesh, India | +91-7877541030 | jainanshu60@gmail.com | LinkedIn: [anshu-jain-aa6698a5](#) | GitHub: [anshujain-analytics](#)

PROFESSIONAL SUMMARY

ISTQB-certified (2024) Quality Analyst with 5+ years of experience testing web, mobile, and Salesforce applications across five organisations. Skilled in test planning, functional and regression testing, SIT/UAT, and defect management within Agile/Scrum teams. Expanded into API integration testing (MuleSoft Certified Developer Level 1), SQL-based data validation, and Python/Selenium test automation during a recent career break focused on certification and skill development — returning to full-time QA fully prepared and current.

TECHNICAL SKILLS

Testing Types: Functional Testing, Regression Testing, Smoke & Sanity Testing, Usability Testing, SIT, UAT, Cross-Browser & Cross-Platform Testing

Test Management: Test Planning, Test Strategy, Test Case Design & Execution, Requirement Analysis & Story Refinement, Defect Management, Test Documentation, Quality Metrics Reporting

API & Integration Testing: Postman, MUnit, RAML, DataWeave, MuleSoft Anypoint Platform, Anypoint Studio

Platforms & Applications: Salesforce (CRM/Admin), Web Applications, Android, iOS, Windows

Data & Reporting: SQL, Excel, Power BI, Tableau, Data Validation

Tools & Processes: JIRA, qTest, Mantis, Trello, Quip, Git, Agile/Scrum, SDLC, STLC, Sprint Planning, CI/CD (foundational)

Automation & Programming (in progress): Python, Selenium WebDriver, NumPy, Pandas

CERTIFICATIONS

- ISTQB Certified Tester — September 2024
- MuleSoft Certified Developer Level 1 (MCD Level-1, Mule 4) — September 2024
- Salesforce Administrator Certified — March 2022

PROFESSIONAL EXPERIENCE

Quality Analyst / QA Engineer

Aug 2017 – Jul 2022

Syon Infomedia, Arka Softwares and Outsourcing Pvt. Ltd., BR Softech Pvt. Ltd., Metacube Softwares, Dotsquares — Jaipur, India

- Tested a Salesforce-based UK automobile insurance platform (Assurant) covering vehicle protection contracts, claims, cancellations, renewals, and ownership transfer across PPM, Warranty, and GAP product lines; supported onboarding and QA process training for new team members (Metacube)
- Directed test strategy, execution, and defect tracking across a food-sharing marketplace (Mapha) and a children's reading app (Read Up), plus a school records management system (Arka Softwares)
- Executed functional and regression testing for a telehealth platform (Clinika Online) and multiple fantasy-sports web/mobile applications, prioritising test cases and defect severity across release cycles (BR Softech)
- Evaluated functional, performance, and design compliance for Nduti, a ride-hailing application, against product standards within Agile/Scrum release cycles (Syon Infomedia)
- Authored and maintained manual test cases for the full team, incorporating delivery requirements into test scheduling; led in-depth usability testing across Windows, Android, and iOS, creating procedures and checklists to reduce recurring errors (BR Softech, Arka Softwares)
- Reported quality metrics and consistency/production issues directly to leadership; kept test scripts and cases current with evolving requirements (Dotsquares)

Smartclass Coordinator

Feb 2016 – Jun 2017

Educomp Solutions Ltd. — Jaipur, India

- Planned and tested an employee attendance, leave, and document-tracking system (Flexiele), performing functional testing and defect logging alongside primary coordination duties
- Provided professional support and stakeholder communication in an educational technology environment

PROFESSIONAL DEVELOPMENT (CAREER BREAK)

Jul 2022 – Current

- Earned ISTQB Certified Tester (Sept 2024) and MuleSoft Certified Developer Level 1 (Sept 2024), strengthening QA fundamentals and API/integration testing capability
- Completed structured data analytics training — SQL, Power BI, Tableau — across Deloitte, BCG X, and Tata programs (through Jul 2026)
- Built hands-on portfolio projects applying SQL and Power BI to data validation and reporting scenarios (github.com/anshujain-analytics)
- Currently building Python test-automation skills: developed a Selenium-based web scraping project (dynamic waits, CSS selectors, exception handling) with Pandas-based data extraction to CSV; practicing NumPy for array and data operations

EDUCATION

- Master's Degree, Computer Applications (Jul 2011–Jun 2014) — Banasthali University
- Bachelor's Degree, Computer Applications (Jul 2008–Jun 2011) — Banasthali University
